Don –

I haven't heard anything further on our release request for this permit, so I wanted to follow up on the status of the release. I would appreciate any information you can provide me regarding the release.

Thank you.

Don –

I trust you received my letter regarding the release of the bonding requirement identified in the emails below. I know these requests take some time to process, so please know that my intention is not to press you on this request. I would like to ask what your expected timing is on this request though, only because I may need to make a bond renewal payment depending on that timing.

Thank you for your assistance with this matter, any guidance you can give me would be appreciated.

Thanks, Britta. Do I need to mail the letter or can I just email a PDF of the letter to Don? If I need to mail it, please let me know what address to mail it to.

Thanks!

Hi Rich-

Sorry for the delay in getting back to you. You will need to put your request in writing on company letterhead and send it to the attention of Don Breffle, who is copied on this email. He is handling financial responsibility while I'm assigned to other duties for a while. Let us know if you need anything else!

Subject: Release of EPA UIC permit CO51221-00000

We would like to request release of our bond requirement for EPA UIC permit CO51221-00000 relating to 8 injection wells in Colorado. Attached are 5 Well Abandonment Reports and 3 Well Bore Assignments, all of which were provided to Valois Shea at the EPA.

Please let me know if you need any further information in order to complete the release of our bond requirement. The bond is up for renewal on August 24th, so we would like to have this completed a few weeks prior to that if possible. It's been a few years since we've requested the release of a bond, so I'm probably not remembering all of the steps we need to go through to accomplish this.

Thanks, Britta.
